Beyond just products, we provide ideas that shape your future

“Think Food, Choose Us”

ABOUT US

ThucPham.com is a leading manufacturer and supplier of premium food powder products. We also provide consulting services and supply electrical equipment and industrial kitchen appliances, offering comprehensive business solutions for customers in the F&B sector, including restaurants, hotels, resorts, tourism, schools, and hospitals.

Founded in 2019, ThucPham.com has quickly become the top supplier of raw materials, mixing ingredients, and dessert products in Vietnam. Our core value is "Product Research," and we operate as a food processing factory.

In addition to our headquarters in Hanoi, which features a professional product research lab, we have a modern factory dedicated to producing soft-serve ice cream powder, instant milk tea powder, mixing powders, baking powders, and other ingredients. Our factory operates under stringent food safety standards, with a management system certified to ISO 22000:2018 and FDA certification, along with state-of-the-art automated production equipment.

ThucPham.com meets the demands of buyers both domestically and internationally, offering OEM/ODM services and brand development. Our goal is to maintain long-lasting relationships with our business partners. With the experience of ThucPham.com, our customers can maximize their competitive advantages in the market with the best value and quality.

OUR FACTORY

ThucPham.com boasts an automated production line, offering a wide variety of products and packaging options, complemented by a large storage facility to meet market demands. We are committed to building, maintaining, and continuously improving our quality management system. We believe that upholding trust and fostering long-term partnerships with our customers is crucial to the survival and growth of our company.

CERTIFICATIONS

ThucPham.com adheres to the requirements of the **ISO 22000:2018** management system standard. As a certified **FDA-compliant** enterprise, we meet the necessary conditions for exporting to the U.S. market.

COMPANY CORE

Raw Materials

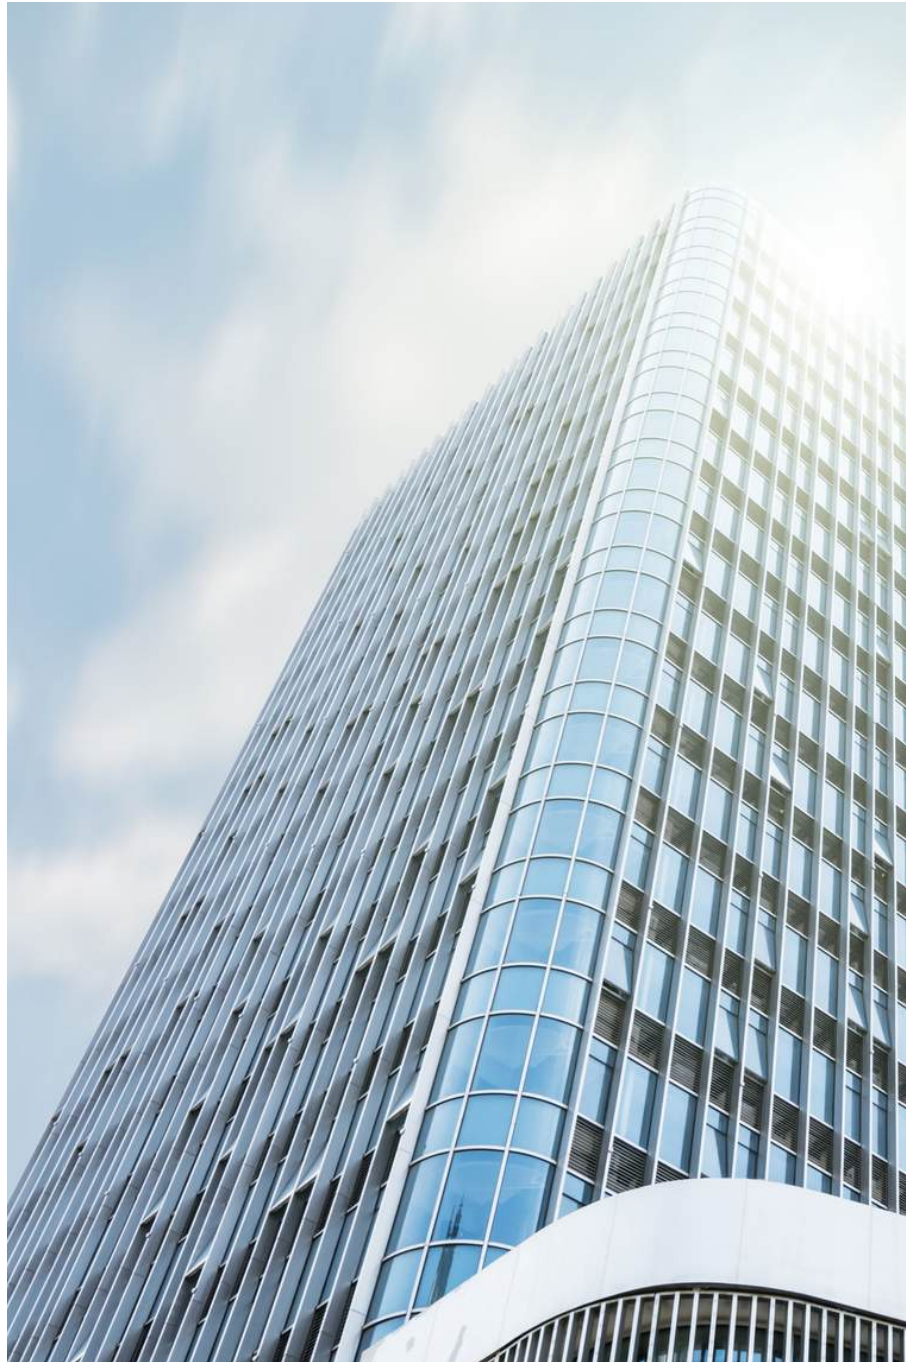

We meticulously control our raw material sources to ensure quality, safety, and stability.

R&D Team

We provide high-quality services tailored to your needs, while consistently delivering innovative ideas.

Production Facility

Food safety is our top priority. We ensure that we provide our customers with the best products available.

SOLUTION SERVICES

ThucPham.com collaborates to offer valuable and diverse ODM products through a creative development process and stringent oversight, bringing your ideas to life. Innovation stems from effective communication between parties to identify the elements that help you conquer the market.

We provide customized solutions for orders of soft serve ice cream mix, instant milk tea powder, and a wide range of other products.

OEM / ODM PRODUCTS

PRODUCT DEVELOPMENT TEAM

Our company prioritizes R&D as our core value and develops based on customer requirements. We continuously deliver unique ideas and concepts that help our clients improve their sales performance. Customization - Unique Ideas - Innovative Products.

We offer OEM and ODM services.

SOFT SERVE ICE CREAM PREMIX POWDER

Our soft serve ice cream mix is specially formulated for use in soft serve machines. This convenient powder is mixed with the right amount of water or milk, allowing you to quickly create delicious ice cream without the lengthy processes and complicated ingredients of traditional methods.

Experience the perfect indulgence with a creamy texture that melts in your mouth, delivering a refreshing and subtle flavor. Our mix achieves an ideal balance of coldness and fluffiness, allowing for perfectly shaped cones that hold their form longer. With vibrant, uniform colors, our soft serve is visually enticing and sure to delight the taste buds.

Desserts Have Never Been Easier to Make!

The dessert recipes from ThucPham.com are simplified, making them accessible for everyone. The results are deliciously flavored and beautifully presented.

DESSERTS

PANNA COTTA

Achieve a smooth, soft, and perfectly set texture for your desserts and snacks. Our easy-to-use mix requires just adding water or milk, bringing it to a boil, and pouring it into molds or containers. Choose from a variety of delightful flavors.

FLAN MIX

With ThucPham.com's flan mix, you can easily create rich, creamy flan without needing extensive experience. This pre-mixed powder contains all the essential ingredients, saving you time and effort. The resulting flan is velvety smooth, without any bubbles or sticking to the mold, delivering a deliciously sweet flavor that's not overly cloying.

AGAR-AGAR POWDER

ThucPham.com's agar-agar powder can be used to create traditional agar desserts, fruit jellies, flan jellies, and milk tea jellies. Made from natural and safe ingredients, it's easy to use. You can get creative with various flavors and decorations for your agar-agar treats.

TOFU POWDER

ThucPham.com's ready-to-mix tofu powder is a fantastic choice for busy individuals. With this pre-mixed powder, making tofu is simple and requires no special tools or ingredients. Just add water, stir well, and cook to enjoy fresh tofu instantly. Available flavors include traditional soybean, black sugar, and pandan.

MAX PUDDING 6in1 POWDER

INNOVATIVE RECIPE

PSoft, luscious pudding that doesn't weep or crumble. Create six delectable desserts with just one packet of mix:

- Milk Jelly
- Cubed Pudding
- Caramel Flan
- Panna Cotta
- Creamy Pudding Sauce
- Topping for Beverages

Delicious and Diverse Flavors

Green bean, melon, peach, pineapple, mango, milk, mint, blueberry, egg, coconut, chocolate, matcha, strawberry, tofu, taro, durian, passion fruit, yogurt...

The end product is premium, deliciously rich, with natural flavors that are soft and melt in your mouth. This presents a fantastic advantage for dessert shops, bubble tea establishments, or restaurants, saving significant costs, time, and effort in preparing desserts.

Create a smooth and chewy texture with the perfect freeze for desserts and snacks. The usage is straightforward—simply mix with water or milk, bring to a boil, and pour into molds or containers. There are various flavors for you to choose from!

INSTANT MILK TEA POWDER

Delicious and Convenient

ThucPham.com's milk tea powder allows you to create a delicious cup of milk tea tailored to your customers' preferences, whether they enjoy a strong tea flavor or creamy richness. You can choose from various flavors, including traditional, chocolate, strawberry, matcha, taro, blueberry, mint, mango, durian...

Available in different tea bases: standard, creamy, and rich.

INSTANT FRUIT TEA POWDER

Vitamin C Boost

This product is designed for making a variety of fruit teas. Made from pure tea powder combined with natural fruit essences and flavors, it enriches your drink with a healthy dose of Vitamin C. Quick and easy to prepare with diverse flavor options, such as lemon tea, honey lemon tea, and peach tea.

Whatever topping you need, ThucPham.com has it!

Our soft and creamy topping options include light foams and rich whipping creams in a variety of delicious flavors.

TOPPINGS GALORE

WHIPPING FOAM CREAM POWDER

WHIPPING POWDER

The end product boasts a creamy white color, a smooth and fluffy texture, and a deliciously balanced taste. It remains stable without separating, staying intact at room temperature for 2-3 hours.

MILK FOAM POWDER

Ready-to-use milk foam powder is a vital ingredient for creating appealing and flavorful beverages.

CREAM POWDER

Quick and easy to prepare, it saves time, especially for busy cafes and restaurants.

SCOOPABLE ICE CREAM POWDER

Create soft, scoopable ice cream with a balanced flavor. The fine granules dissolve easily, suitable for home or business use. The ice cream retains its shape while providing a creamy texture and natural sweet aroma, with tiny ice crystals enhancing the eating experience.

CRISPY WAFFLE CONES

Delicious, crispy waffle cones can be paired with a variety of toppings, such as ice cream, fruits, and chocolate.

The combination of cones and soft-serve creates an irresistible snack that pleases many palates.

CRUSHED ICE POWDER

Frappe Base Powder is essential for blending smoothies and iced beverages. Made from selected ingredients, it delivers rich flavor and creaminess while preventing ingredient separation, ensuring smooth and consistent texture. It also slows the melting process, allowing drinks to maintain their flavor for longer.

VEGETABLE CREAM POWDER

A popular ingredient for milk tea, coffee, and blended drinks, it enhances richness and flavor, making beverages more appealing and delicious. Easy to mix, it saves preparation time and can also be used in baking for added softness and richness.

READY- TO-DRINK POWDER

Cocoa powder provides a great energy boost and is rich in heart-healthy antioxidants, improving brain function and reducing the risk of type 2 diabetes.

ThucPham.com's blend of sugar, milk, and cocoa creates a decadent beverage with a delightful aroma, rich flavor, and a smooth texture that dissolves easily in water.

ThucPham.com's sponge cake powder is a fantastic option for busy individuals or those with little baking experience. With this powder, you can easily create delicious and appealing cakes at home.

SPONGE CAKE POWDER

Made from quality ingredients, the cakes turn out with a light orange-yellow hue, delightful flavor, and a subtle sweetness from cane sugar, complemented by the richness of milk and the gentle aroma of eggs. The leavening agents ensure the cakes rise high, remaining moist without being dry or dense, with a crispy outer crust.

Available in various flavors to meet diverse customer preferences, including vanilla and cocoa!

Professional Consultation and Supply of Industrial Kitchen Equipment
We assist customers in selecting the most suitable products that meet
their usage needs and budget.

ELECTRICAL EQUIPMENT

The equipment provided and distributed by ThucPham.com includes a wide range of professional kitchen appliances.

Product Selection Consultation:

- Help customers identify their usage needs, budget, and installation space to choose the best-suited products.
- Analyze and compare products.
